The dynamic future of the global convergence is expected to bring opportunities for global corporations but can create massive threats for corporations who are not well prepared. One of the mandatory tickets to facing globalization, is an effective Good Corporate Governance and Enterprise Risk Management practices at the board level, known as Risk Governance.

To achieve effective risk governance, companies must identify the present and future risks that might arise, determining the right measures to mitigate these risks. Therefore, this Risk Governance Master Class is designed specifically for senior managers and board members who oversee the implementation of effective Control Environment and Risk Oversight.
